Community Projects:

LCWC gives back to the community through financial awards to local charity groups. Historically, we have split our donations with 50% to Education/ scholarships and 50% to community projects which includes both help organizations and other community needs.

As a club, we support groups each year that the current members choose. We love to hear from representatives of area groups as we make our selections.

Please join us as a member and add your voice and opinions to our next discussion !

If you know of a group that may need financial support- please contact them and suggest they make a request

Monthly, we collect for Helping Hands project. Items are usually smaller \$ and things that are easy for members to contribute.

No time to make an extra shopping trip ? **Food Pantry donations are also always welcome!** A member will take any food collected at each meeting to a local pantry .

Did you know?

Mardi Gras -French for "Fat Tuesday" is celebrated as the last day to indulge before Lent. During Lent- its practice to give up indulgences such as sweets, meat, coffee or alcohol . In the southern hemisphere- where weather is warm- parades and dancing in the street is popular. Called 'Carnival' in Brazil- people celebrate with lavish costumes and music.

Treasurers note:

If you haven't paid your annual membership dues of \$40, we are happy to accept them at any time.

If you need reimbursement for any LCWC expenses, please ask us for a form. When making purchases for the club, please remember that we have a state tax exempt number available.

Thank you, Tricia and Mary Beth
