## **MARCH NEWSLETTER**

### **MESSAGE FROM THE PRESIDENT...**

Lake Country Women's Club is a dynamic force of independent and caring women in our community. This Club built its foundation with purpose and strong leadership with a range of community projects. Our members are indeed a dynamic force, capable of carrying on the tradition of shining the light on community needs while giving back to our community for many years to come.

We credit our small but effective Club to our hardworking, determined group of women and to the quality and character embodied in every single member. We're an organization with a strong purposeful commitment to our community which fosters a Club culture of teamwork while giving back to our communities. We provide inspired volunteer opportunities with heart warming and rewarding benefits. All of this is evidenced from our work to establish the Lake Country Art Fair, Fall Fashion Event and the establishment of the Scholarship to high school students to name a few.

Our Club meets the third Tuesday of each month from September to May at Revere's Restaurant. We hope that you will consider joining our dynamic group of women who are committed to carrying on the tradition of serving our local community.

*Ildiko Huppertz*

## 2017 ART FESTIVAL - NEED YOUR HELP!

*Dear LCWC Members:*

The applications from artists for exhibiting at this year's Art Festival are coming in! *We are still asking members to set aside time at each month's meeting to partake in the jurying of applications and will be jurying artists on March 21 at our meeting!*

We are also still in need of sponsors at all levels.

Thank You!

---

## EDUCATION

### ***Congratulations!***

The LCWC is pleased to have provided two of our local high schools with \$250 grants to fund their technological efforts in robotics. Arrowhead High School's participation in their Robotics Tech Competition and Kettle Moraine High School's Laser Robotics Team have both won competitions through these efforts. Robotics fall under STEM education, which is so important in today's education arena. Their work in robotics is an experience that will expand and enhance their knowledge of science, technology, engineering and math as they gear themselves towards real-world applications in these skill sets.

### ***Scholarships***

The deadline for high school seniors to apply for a scholarship from the Lake Country Women's Club is April 3. If you are a high school senior residing within the Kettle Moraine School District, whether attending Kettle Moraine High School or another high school outside the district, you are eligible to apply. Scholarships will be awarded primarily on community service, extracurricular activities, academics and original essays as detailed in the following application. These scholarship awards range from \$500-\$1000.

Please go to our website for full eligibility requirements, application and submission instructions:
