## Proposed Exec Team & Committee Chairs

Our roles at LCWC are designed to rotate every year. The Exec team roles require a vote by members present at the meeting in May each year or the first meeting of the LCWC new year in September. The committee chairs and co-chairs do not require a member vote but are also designed to rotate. Since we are a community friendly and charity focused group- we don't typically have a competitive environment for any roles. We usually look for those that enjoy supporting our charities by doing the extra work required as an area leader. All members are encouraged to considered leading

or co-leading any area or role in LCWC. Please feel free to join any committee area you wish. Often its helpful to first be on the committee and experience it before being the chair. Although, at times, jumping right in has worked well too! We encourage the use of co-chairs in every area of LCWC. This allows for easier transitions when one person moves to another area or when other obligations arise.

Whatever way you choose to participate- we are glad to have your help! See you soon,

*Cynthia Paris*

## LCWC Charity Requests:

Our Goal is to support Lake Country Area local charities. Requests from national organizations are considered if the funds are to be used in the Lake Country area. Each Month, we hope to post in the newsletter any requests being considered at the upcoming meeting. This allows members to do some research on the charity if desired. Below are our first two requests of the year :

***Blessings in a Backpack Waukesha County*** – a 100% volunteer organization that helps feed impoverished children over the weekends during the school year. Would love to speak at an upcoming meeting, possibly helping hands and / or donation. We have not donated in prior years.

***Shop with Cops***- Provides an opportunity with youth and police officers during the **Holiday season**. They are looking for a donation and volunteers. We have donated \$200- \$500 in prior years.
